

Steps to Download Microsoft Authenticator

For Android Users:

1. Open the **Google Play Store** on your device.
2. Search for **Microsoft Authenticator** in the search bar.
3. Tap on **Install** to download and install the app.

For iOS Users:

1. Open the **App Store** on your device.
2. Use the search function to find **Microsoft Authenticator**.
3. Tap on **Get** to download and install the app.

Steps to Scan a Barcode

1. Open the **Microsoft Authenticator** app on your device.
2. Tap the **+** (**plus**) button located at the top-right corner of the screen.
3. Select **Add account** and choose the type of account you want to add (e.g., work, school, or personal).
4. Tap on **Scan a QR code**.
5. Use your phone's camera to scan the QR code provided by the service or platform you're setting up.
6. Once scanned, the account will be added to the app, and you'll see a 6-digit code for that account.
